

March 18, 2020

Hello contacts and colleagues:

Given the state of the Global Covid-19 Pandemic declared by the WHO on March 11, 2020 and the declaration of a State of Emergency by the City of Calgary soon thereafter, we are not certain about the days ahead and our ability to work physically in the office.

In light of these unprecedented times, we ask that all time sensitive notices, including: Independent Operations Notices, Abandonment Notices, Non-Productivity Notices, Offset Notices, AFEs, and other similar time sensitive notices, be sent **via email** to your usual contact at Crescent Point Energy Corp., **as well as** a common Inbox:

minerallandhotline@cpsenergy.com.

This change in protocol ensures that if our office is abruptly locked down due to a decision by our Management Team, Building Manager or the City of Calgary that we can still respond to notices in a timely manner. We would also like to ensure that if any given individual is isolated or taken ill that our general email inbox (minerallandhotline@cpsenergy.com) is the complete repository for the receipt of ALL time sensitive material.

We thank you for your assistance and understanding during this period of uncertainty and sincerely wish you all the best in health.

Sincerely,

CRESCENT POINT RESOURCES PARTNERSHIP,
by its Managing Partner, Crescent Point Energy Corp.

Kirstie Egan
Manager, Mineral Land Asset Management
