

March 24, 2020

To our Partners and Stakeholders,

To Repsol, the most important thing is the safety and the protection of the health of those involved in our operations. At the beginning of March, Repsol activated a global plan to minimize the risk of COVID-19 contagion among employees, collaborators, and customers, while assuring the continuity of business. All employees whose positions and functions can be carried out remotely and whose presence in the workplace is not needed to ensure the continuity of operations are already working from their homes, thus ensuring the safety of the process at all times.

In order to facilitate on-going business while working remotely, we kindly request the following changes to our regular processes:

Mineral Land Notifications:

All Land notices (Independent Operations Notices, AFEs, Land ROFRs, Offsets, Compensatory Royalties, Assignments, etc.) be sent to the following email address, in addition to your regular contact at Repsol:

mlam-queries@repsol.com

Joint Venture - Unit Agreement, CO&Os and Service Agreement Notices:

All types of JV notices (Mail Ballots/AFEs, JV ROFRs, Assignments, etc.) to be sent to the following email address, in addition to your regular contact at Repsol:

jvmailballots@repsol.com

Surface Land Notices:

All Regulatory Notifications (Directive 56), as well as Frac notices, Road Ban Notices and any Road Use and Third Party requests can be sent to, in addition to your regular contact at Repsol:

roaduse@repsol.com

land_surface@repsol.com

Repsol will send out another advisement once this method for Land and JV notices is no longer to be used. Thank you for your co-operation and we wish you and your families continued good health and safety as we work together through these unprecedented times.
