

To our Customers and Partners:

The current Covid-19 Pandemic has necessitated a new working environment for us all. While we navigate these challenges, Ridgeback Resources Inc. has implemented a work from home policy, which encompasses all Calgary employees. We will continue to conduct operations and manage our accountabilities remotely.

In light of this, we ask that effective immediately, any correspondence, including all time sensitive notices and responses, including Independent Operations Notices, Abandonment Notices, Non-Productivity Notices, Offset Notices, AFEs, Continuation Notices and other similar correspondence be sent via email to both your current contact within our organization as well as to [mineral.land@ridgeback.com](mailto:mineral.land@ridgeback.com).

All documents and correspondence related to our Surface land department should be directed to your current contact, as well as [surface.land@ridgeback.com](mailto:surface.land@ridgeback.com)

All documents concerning our Joint Venture department should continue to be directed to your current contact as well as [jgeneral@ridgeback.com](mailto:jgeneral@ridgeback.com).

These changes will allow us to continue our day to day operations and respond in a timely manner. Please distribute this request to all within your organization to whom it applies.

We appreciate your cooperation during this time and wish you and your families good health.
