

May 4, 2022

To our valued contacts and colleagues:

The Global Covid-19 Pandemic declared by the WHO on March 11, 2020 and the declaration of a State of Emergency by the City of Calgary soon thereafter created a new environment for our business and we looked for new ways to effectively manage our processes.

At the beginning of the State of Emergency we requested that all time sensitive notices, including: Independent Operations Notices, Abandonment Notices, Non-Productivity Notices, Offset Notices, AFEs, and other time sensitive notices, be sent **via email** to your usual contact at Crescent Point, **as well as** to a common Inbox: minerallandhotline@crecidentpointenergy.com.

This change in protocol ensured that if staff was not working from our downtown office they would have access to these time sensitive notifications. As restrictions have been lifted, Crescent Point staff are currently working in a hybrid model that allows flexibility in their work environment and as a result we will **accept all notices and communications via email to our common Inbox: minerallandhotline@crecidentpointenergy.com and/or physically delivered to our official address for service:**

Crescent Point Energy Corp.
Crescent Point Resources Partnership
2000, 585 8th Avenue SW
Calgary, AB T2P 1G1
Attention: Mineral Land Asset Management

For the purposes of calculating response periods, all Notices received in the common Inbox prior to 4:30 pm on a business day will be deemed to have been received that day. Those received after 4:30pm that business day will be deemed to be received on the next business day.

Thank you for your cooperation and understanding over the past couple of years of uncertainty. If you have questions or concerns, please contact the minerallandhotline@crecidentpointenergy.com

Sincerely,

**CRESCENT POINT RESOURCES PARTNERSHIP,
by its Managing Partner, Crescent Point Energy Corp.**

Kirstie Egan
Manager, Mineral Land Asset Management
